FLOORBALL

Dear Sports Friends,

We would like to invite you to the first year of UWC floorball, which we will organize in Liberec (Czech Republic) from **June 20 to June 24, 2022**. This is a new format of the competition, which follows on from the previous World University Championship Floorball, which was held between 2002 and 2018 in a two-year cycle. This means that it is now a competition of teams of individual universities from different countries (more than one university team can participate from one country) and not a tournament of state university national teams, as was the case at WUC. University teams participate in the event (UWC) at their own expense (or at the expense of their university), of course, support from the NUSF is possible.

Due to the fact that this is the first year of this new format of the competition, we are happy to welcome as many university teams as possible. Further basic information can be found on the event website: www.uwcfloorball2022.cz, and of course we are ready to answer your questions. You can contact us by email.

We look forward to meeting you in our beautiful country.

Regards

Jindrich Martinec, President of Organizing Committee UWC floorball 2022, mail: info@uwcfloorball2022.cz
